

Action Plan

Social Inclusion

Vision for SI - Related Projects:

Louisville will have accessible, affordable and fun social activities that emphasize intergenerational connections as well as take steps to initiate a Village aligned with the Village Movement.

DOMAINS

SI-Related Projects:

Primary

Secondary

Goal 1: Forge partnerships with local organizations, schools, libraries, senior centers, and businesses to expand the reach and resources available for intergenerational education initiatives.

OBJECTIVE	ACTION	PARTNERS	DEADLINE	METRICS
1. Develop and institutionalize a sustainable community collaboration framework to promote intergenerational connectivity and social inclusion, facilitating ongoing coordination of resources and programming across diverse community stakeholders.	 1. Create a committee to be responsible for updating a list of programming and distributing this list through social media, etc.	Local university, City government (with a focus on Metro News), Religious organization; Catholic and Anglican Diocese School district, Nonprofit focused on older adults, Coalition of community ministries, Existing online platform for events, Local news outlet (specifically for a senior section)	2025	# of current programs, places where list is posted (social media sites, etc)
	 2. Develop a process for connecting community resources to assist in collaboration for intergenerational or social inclusive events.	Various government agencies, non-profit organizations, educational institutions, and community service providers, including those focused on youth development, senior advocacy, education, and community engagement	2025	# number of collaborative intergenerational or socially inclusive events facilitated by the new process

2. Develop and enhance current interactive learning sessions or programming, either in breadth and/or depth, where older adults and younger individuals come together to explore new technologies, share ideas and learn from each other's experiences in a mutual mentorship and teaching relationship.	 1. Implement or support a program where younger volunteers provide one-on-one or group tutoring sessions to older adults, focusing on teaching them how to use smartphones, tablets, social media platforms, and other digital tools.	Public libraries, Local Schools (especially high schools and related student groups), Local universities or colleges, Organizations focusing on older adult groups, Service providers with tech programs for seniors, Tech education programs for seniors	Fall 2025/2026/2027	# number of events, # of participants, # of locations Collect feedback
	 2. Implement or support another intergenerational educational event.	Public libraries, Local Schools (especially high schools and related student groups), Local universities or colleges, Organizations focusing on older adult groups, Service providers with tech programs for seniors, Tech education programs for seniors	Fall 2025/2026/2027	# number of events, # of participants, # of locations Collect feedback
